SUMMARY

Computer Science postgraduate student with hands-on experience in **wireframing, prototyping, and user-centered design**. Proficient in Figma with foundational knowledge in **cloud computing and web development**. Passionate about building intuitive, accessible digital experiences that bridge design and technology.

SKILLS

- UI/UX Design — Figma, Wireframing, Prototyping
- User Research & Usability Testing
- Interaction Design & Design Thinking
- HTML, CSS, Python
- Cloud Computing — Storage & Deployment Fundamentals
- Responsive & Accessible Web Design
- Team Collaboration & Communication
- Creative Problem Solving & Time Management

EXPERIENCE

Management Trainee - Acceleron Solutions, Kolkata 07/2025 – 09/2025

- Designed UI for web and mobile applications using Figma, enhancing user experience across client projects.
- Conducted wireframing and prototyping sessions; assisted in developing project timelines for client engagements.
- Compiled market research data and supported analysis reports to guide product design decisions.

PROJECTS

App Redesign — UI/UX Design

- Redesigned a company application end-to-end in Figma — conducted user interviews, competitor analysis, and created low to high-fidelity wireframes.
- Ran usability testing with 10+ participants, iterated designs based on feedback, and improved task completion rate by 30%.

College Campus Navigation App — UI/UX Design

- Designed a mobile app in Figma to help students navigate campus buildings, locate classrooms, and discover facilities with ease.
- Developed user personas, journey maps, and interactive prototypes; conducted peer usability testing and refined the interface for accessibility and clarity.
